All products shown may vary due to various options available.

## Pony FVC ironing tables - incredibly solid and reliable.

Very affordable but with the traditional high-quality Pony build, these vacuum and vacuum/blow finishing, offer excellent quality, reliability and performance. In particular, the Pony FVC range is perfect for ironing services, tailors or anyone needing a great backup and sturdy finishing table and with the optional standalone plug in variant for the FVC requiring no plumbing or electrical work to install, they can be fantastically simple to install.

- TA Electrically heated VACUUM table, for connection to external steam supply.
- FVC Electrically heated VACUUM table, built-in 5 lt electronic, automatic boiler.
- FVC-S Electrically heated VACUUM & BLOWING table, either with built-in 5 lt electronic, automatic boiler or for connection to external steam supply.

### Available extras:

- Swinging arm with sleeve ironing shape or spotting shape
- Steam or steam/air gun or cold spotting gun
- Water spray on iron or water spray gun with support
- Overhead lighting either with or without suspension for iron
