FOMY

GENUS

The GENUS boards are available in the following versions:
S (air-blowing) and SV (air-blowing and up-steaming). Both versions incorporate a vacuum, as well as additional features.

All products shown may vary due to various options available.

GENUS ironing tables are electrically heated and display innovative aesthetic and construction features, greatly meeting expectations in terms of quality, competitiveness and reduction in consumption. Their large board (1300 x 500mm, small end 250mm), combined with air-blowing, makes finishing operations easier and faster, especially on trousers. Outstanding vacuum function thanks to the powerful THREE-PHASE vacuum unit. The board is ready to fit 2 arms with shapes and can be equipped with features that allow operations on either sides. Switch to invert pedal control of vacuum and air-blowing. Separate pedal for steam activation.

Technical data	GENUS-S		GENUS-SV
Required power	400 V./ 3+N/50Hz*		
Vacuum motor	0,60 KW		
Motor for blowing	0,60 KW		
Motor for blowing	1,2 KW		
Boiler heating elements	3,3 KW		4 KW
Pump motor	0,4 KW		0,6 KW
Iron heating elements	0,8 KW		
Steam inlet	1/2"		
Return outlet	1/2"		
Steam working pressure	2,5 ÷ 3 bar		4 ÷ 4,5 bar
Steam consumption	3 ÷ 5 kg/h		6 ÷ 9 kg/h
Water feed	13 mm Ø		
Boiler drain	1/2"		
Air inlet	-		1/4"
Air working pressure	-		6 ÷ 7 bar
Air consumption	-		0,2 NI/min
Encumbrance	1850 x 650 mm		
Net weight with boiler	150 kg		155 kg
Gross weight pallet + special export carton	177 kg		155 kg
Overall dimensions	1840 x 770 x 1300 mm		
Volume	1,85 m ³		

GENUS-S

Vacuum and air-blowing, with either fixed height or adjustable height (min 770mm - max 970mm - with gas springs).

GENUS-SV

Vacuum - air-blowing and up-steaming, with either fixed height or adjustable height. Genus-SV PLUS comes with air-vent chimney with acoustic insulation.

Available options upon request:

- 5-lt electronic built-in boiler.
- Water spray gun with support.
- Water feeding tank and pump.
- Arm with either sleeve-ironing shape or spotting shape.
- Steam spotting gun or cold spotting gun for chemical products.
- Lighting group with or without pulley and iron suspension.
